Resolution ALJ 176-3174 regarding ratification of preliminary determinations of category and notice of assignment is included in this calendar.

The Commission's policy is to schedule hearings (meetings, workshops, etc.) in locations that are accessible to people with disabilities.

The CPUC encourages all Californians to participate in its meetings, hearings, workshops, and proceedings. We try to hold our public meetings only in places that are wheelchair accessible and which can accommodate specialized equipment and other services useful to people with disabilities. Please see the notice of the meeting you wish to attend for more specifics.

If you plan to attend and need specialized accommodations for a particular meeting that are not listed in the notice, request them from the Public Advisor's Office at least three business days in advance of the meeting. Contact the Public Advisor's Office by any one of the following:

Pacific Gas and Electric Company, for approval of an Agreement concerning certain Generation Assets known as "Contra Costa 8" pursuant to a Settlement and Release of Claims Agreement approved by the Commission on January 14, 2005, for authority to Recommence Construction and for Adoption of Cost Recovery and Ratemaking Mechanisms related to the acquisition, completion and operation of the Assets.

Summary: On June 12, 2006, Dan L. Carroll, attorney for the Merced Irrigation District (Merced) and Modesto Irrigation District (Modesto), participated in the videoconference with Pres. Peevey. Present at the Commission's offices in San Francisco were Nancy Ryan, advisor to Pres. Peevey, Jem L. Brown, Assistant General Manager, Energy Resources, Business and Resource Planning for Merced, and Christopher J. Mayer, Assistant General Manager, Planning and Marketing for Modesto. Pres. Peevey participated in the part of the meeting via video conference. Carroll stated that the proposed decision (PD) correctly finds Pacific Gas and Electric Company made no record to justify a longer nonbypassable charge exposure period than 10 years. Carroll also noted that there is no finding in the PD that CC8 will benefit POU customers. Carroll indicated that the PD also contains no consideration of the 'fair share' doctrine. Mayer discussed efforts Modesto has made to meet its own load requirements. Mayer also discussed Modesto's support for energy efficiency and solar power legislation. Brown, Mayer, Carroll explained the transmission control areas with which each District is involved. Mayer also explained whether CC8 ever suffers stranded costs may depend upon whether it is used as a baseload or peaking plant, and that recent issues concerning the water cooling of CC8 in light of Mirant's closure of other nearby units could lead to questions concerning stranded costs. Mayer and Carroll also discussed the differences concerning stranded cost issues for direct access as opposed to publicly owned utilities.

Southern California Gas Company (U 904-G), for authorization to establish a Revenue Sharing Mechanism for the production of Native Gas.

Summary: LATE FILED. On June 6, 2006, Norman A. Pedersen, attorney for the Southern California Generation Coalition (SCGC) met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Also present were Marion Peleo and Jacqueline Greig of the Division of Ratepayer Advocates (DRA). Written materials (attached to the notice) were used. Parties' representatives stated that if the proposed decision (PD) is not modified, the definition of 'existing access rights' of producers as meaning 'Maximum Daily Volumes specified in a producers access agreement or, for Exxon Mobil and its affiliated POPCO, a volume not less than 70 MMcfd' could be locked in much longer that until the Commission adopts a decision in the FAR proceeding. DRA and SCGC urged the Commission that the PD be modified by conditioning the approval of Paragraph 12 to make it clear that such approval shall not prejudice the outcome in A04-08-018 regarding the equal access issue raised by DRA and SCGC in that proceeding.
